### **The minutes of a meeting of the Parish Council held on Tuesday 29th October 2024 at 7.30pm in the Committee Room, at West Buckland Village Hall.**

**Present:** Cllr's C Silverlight, Ms S Drury, S Bellamy and A Paul

**In attendance:** Somerset Councillors R Henley and S Wakefield and the Clerk, Mrs J Larcombe.

**64/10/24. To receive apologies for absence.** Apologies were accepted from Cllr Mrs B Moore.

**65/10/24. Disclosure of interest in items on the agenda.** Cllr Silverlight declared a personal and pecuniary interest in item 73/10/2 because he had submitted an expense claim.

**66/10/24. To agree the minutes of the meeting held on 24/09/24 as an accurate record of the meeting.** The minutes were agreed as an accurate record of the meeting and they were duly signed by the Chair.

**67/10/24. Matters arising from the minutes not covered by the agenda (for information only).** No matters arising.

**68/10/24. To continue to discuss broadband issues in the parish.** Cllr Silverlight reported that he had received a reply to his correspondence to Gideon Amos OBE MP about the issues around the poor broadband service for parts of West Buckland. Clive Pierce, Case Worker, wrote to update Cllr Silverlight on the MP's campaign to resolve issues with high-speed broadband roll out in rural areas of his constituency. He is going to follow up the earlier exclusion from the Project Gigabit Broadband Voucher Scheme. Mr Amos is campaigning to resolve impediments to progress in places where Airband Community internet Ltd is the contracted installer and has joined forces with fellow Somerset MPs, Sarah Dyke and Adam Dance, to highlight failures of oversight and contract management. In their joint letter to the Minister for Data Protection and Telecoms, they criticize the local government partnership, Connecting Devon and Somerset, and the Department for Science, Innovation and Technology's executive agency, Building Digital UK, for the dereliction of their duties to "hold contractors to account" and to "keep those customers suffering the consequences informed". Mr Amos has sought and secured a commitment from the government, for a Minister to meet with the MPs whose Somerset constituents are still waiting for high-speed broadband

connections and he will organize the promised meeting with the Minister at the earliest opportunity. Invitations will be extended to the chairs of the affected parish councils, including West Buckland.

His exchange in the House of Commons with the Parliamentary under-secretary for Housing, Communities and Local Government was reproduced verbatim in the email to Cllr Silverlight. Mr Pierce added that the MP remains committed to expediting high-speed broadband roll out in all areas of his constituency, and holding those responsible for this shambolic situation to account until satisfactory remediation is achieved for everyone concerned.

**69/10/24. Democratic Period.** No members of the public present.

**70/10/24. Reports**

**a) Somerset Council.** Cllr Henley apologised for not attending the last meeting and explained he was doing mental health trauma training. He reported that he had attended the opening of Wellington Library following a £1,000,000 investment. Wellington Sports Centre has reopened following a £500,000 investment. When he attended the LCN Highways Working Group meeting he was able to swap notes on bus services. The no 20 bus service run by Dartline has a good turnaround time at Seaton and could come into West Buckland. He would like to meet with them to discuss this.

Cllr Wakefield will follow up her enquiries about travellers living on the edge of the parish without planning as some residents have concerns.

**b) Any other reports.** No other reports.

It was agreed to bring forward the Highways item to allow Cllr Henley and Cllr Wakefield to hear the discussion about SIDs..

**71/10/24. Highways.**

**c) c) To continue the discussion on purchasing SIDs and consulting parishioners about increasing the coverage of the 20mph speed limit in the village.** Cllr Silverlight asked each councillor for their view on purchasing SIDs in the first instance. All councillors were in agreement with doing so. Information on traffic speed will be able to be obtained from the SIDs and councillors will know whether there is a problem with speed in the village. It is expected that two SIDs will be needed and the cost will be £5,000 to £6,000. The first of two CIL payments of nearly £2,000 has just been received and the second payment will be received in April. This CIL funding can be used towards the purchase of the SIDs. The first step will be to engage with Kate Brown and agree sites.

Cllr Henley thinks they work and should be tried. If the Parish Council starts talking about the need for extending the 20mph speed limit it will have the evidence. Cllr Wakefield thought you had to show the speed of vehicles was above 20mph. One of the things she has picked up is that children have to walk down to the Worlds End to catch a bus to secondary school and there are no footpaths for much of the way. A bus coming through the village would be helpful. There was a bus service but it is no longer operating. It was suggested the Parish Council could ask on their Facebook page how many children have to walk to the bus.

Cllr's Henley and Wakefield left the meeting.

**a) To note any required work to be reported to SC.** Some of the work agreed

with Kate Brown, Highways Traffic Engineer, in August has been completed but some is still outstanding. The Clerk will write to her and thanks her for the work that has been completed and ask her when the rest of the work will be carried out. The 20/30mph sign by Peacocks Cottages keeps getting knocked which causes the sign to fall down the pole. Cllr Ms Drury has been reporting this when it happens.

Cllr Paul reported that a bag of carpet underlay had been fly tipped on Ruggin Road. Previously garden tools have been dumped on Buckland Farm Road.

**b) To receive an update on outstanding highways work (Kerb at Dyers Close and drainage in Silver Street.** No update.

**d) Any other highways matters.** No other highways matters.

**a) To consider any planning applications received by the Parish Council prior to the meeting.**
